Sinks & Faucets

THE BOLD LOOK
OF **KOHLER**®

Life without labor is guilt. Labor without art is brutality.

- John Ruskin

A blessing three times a day
The KOHLER ELECTRIC SINK

Three-daily drudgery—every woman knows you hit, every bit of the unwelcome labor that that's the most that can be said for dishwashing, dishwashing every day!

and closets that carry the Kohler mark are well designed and well made, to the last inner detail. If you use colored fixtures, Kohler colors are pure, uniform, harmonious. If you prefer white, Kohler white is as immaculate as freshly laundered linen. Kohler faucets and handles and

plumbing contractor. Actual estimates will show you that an all-Kohler installation costs surprisingly little. Write for Booklet A-5, which has color schemes, floor plans and various vital facts on good plumbing. . . . Kohler Co., Founded 1873, Kohler, Wisconsin, Branches in principal cities. Look for the Kohler mark on every fixture and fitting.

Kohler Sycamore sink with chrome fitting, equipped with Quartzite.

escrutchons are advanced in design—all the mechanical parts are sure, silent and safe. Those who work on Kohler products have the true tradition of craftsmanship. The beautiful village of Kohler is an inspiration to excellence. The men who do each intricate detail of manufacture work on rigid engineering requirements—and with the earnestness of high art.

Kohler Waltham cast-iron mixing faucet with hot water supply.

As all-Kohler bathroom—at the same cost. Quality is not a matter of money—but of knowledge and vision. Even the small home must have the finest fixtures

ELEVEN IMPORTANT POINTS

- 1 Kohler designs are decorative, purposeful, correct.
- 2 Faucets fitted with an everlasting bond . . . smooth, glazing surface.
- 3 Fixtures chrome-plated with a smooth, lasting finish.
- 4 Kohler colors are soft, durable, pastel. The white is a perfect white.
- 5 Metal fittings mark the fixtures in style, character and quality.
- 6 Many of finest materials . . . show craftsmanship and care.
- 7 This year's Kohler products are next year's new ideas in plumbing.
- 8 Kohler quality extends to kitchen and laundry.
- 9 Kohler quality costs no more . . . and saves money later.
- 10 Handled and installed by qualified plumbers.
- 11 Backed by an entire community . . . beautiful Kohler Village.

What John Michael Kohler saw in 1883 when he looked at a cast-iron horse trough was the bathtub that launched a global plumbing company. That pioneering spirit of ingenuity – the kind that sees a bathing revolution in a horse trough – has defined Kohler Co. from its earliest days. A visionary, John Michael Kohler understood the importance of innovative design and an uncompromising commitment to craft and quality. After four generations, we remain a family-owned company with diverse international businesses and over 26,000 products and 13,000 patents to our name. Still leading the industry in innovation and design. Bolder than ever.

We believe there are a few essential ingredients that go into creating exceptional kitchens: purposeful functionality, smart design and beautiful style. And we're passionate about bringing you kitchen sinks and faucets that combine all three. With KOHLER® products, you can design a kitchen that not only works with you—your cooking habits, your lifestyle, your home—but a kitchen that inspires you. So take a look inside. We'll help you navigate our kitchen sink and faucet offering quickly and easily, so you can find the combination that makes the most sense for you.

In addition, you can explore the latest kitchen design trends, plan your own space and learn more about our kitchen sinks and faucets when you visit [KOHLER.com/KitchenGallery](https://www.kohler.com/KitchenGallery).

Why KOHLER®?

People have been turning to Kohler for help with kitchen design for more than a century. The reputation we've earned for innovative design and uncompromising quality is certainly a large part of the reason why. But perhaps even more important is the holistic approach we take to creating kitchen sinks and faucets. We study how people work in the kitchen, research material and color trends, and develop technologies to enhance efficiency. Our goal isn't just to manufacture beautiful sinks and faucets – it's to bring you products that streamline your workflow, complement your appliance and surface choices, and make your kitchen a comfortable, easy place to be.

Kitchen Solutions

From functionality and material to style and installation, our kitchen sinks and faucets offer an incredible range of design options. Whether you're building or remodeling an existing space, we can help you achieve the look and feel you want. And, because all the variations can be a bit overwhelming, we walk you through what's what, so you can move quickly from understanding the basics to imagining new possibilities.

Strength. Style. Soul. KOHLER Enameled Cast Iron

Nothing makes an enduring statement of innovative design, lasting beauty and timeless craftsmanship in your home like KOHLER enameled cast iron. A thoroughly modern choice, each piece is made in part with recycled material. And while other trends come and go, few materials can match the strength, style and soul of cast iron.

Infinite Possibilities – KOHLER Faucets

The myriad shapes and forms of water provide endless possibilities for inspiration, creativity and expression. Our designers continuously explore new shapes, forms and lines – constantly seeking inspiration from the world around them. Our engineers work tirelessly in the pursuit of greater efficiency and leading-edge technology. The result of our exploration opens up worlds of possibilities for self-expression in the kitchen.

Kitchen Solutions

You may already have some sense of how you want your kitchen to look and feel. Perhaps you've already chosen your cabinets and countertops and selecting your kitchen sink and faucet may seem like a quick last step. And while we try to make the process as simple as possible, there are a number of style and functionality options you'll want to consider before making your final selections. We'll walk you through those options in the section that follows and help you settle on a sink and faucet combination that makes sense for you.

Before You Choose a Kitchen Sink

As you design your kitchen and choose the style of your sink, there are several function and installation options you'll want to consider, especially as they may impact your faucet selection. We've outlined the basic information below. If you find you have additional questions, visit [KOHLER.com/KitchenSinks](https://www.kohler.com/KitchenSinks) or contact your showroom representative.

Bowl Count

We offer single-, double- and triple-bowl sinks to match the way you work – whether you use your dishwasher for dishes and just wash large pots in the sink or you hand wash your dishes and want to separate clean and dirty items. You'll also find a variety of bowl sizes in our offering and may want to consider a sink with a wet work surface for food preparation.

Smart Divide®

If you often wash large pots and pans yet want the functionality of a double-bowl sink, consider a Smart Divide sink. The divider is uniquely developed to make it easier to clean large, bulky items while keeping clean and dirty items separate.

Bowl Configuration

KOHLER® sinks are available in a range of depths, including extra-deep sinks, and numerous configurations, including double-equal and offset bowls. In addition, our Undertone® line of sinks can be grouped to create customized configurations.

Apron-Front

Often called farmhouse sinks because they evoke images of traditional kitchens, KOHLER apron-front sinks have a stylish panel in front and are available in both tile-in and under-mount models. The Self-Trimming® feature lets you install an apron-front sink with most conventional cabinetry. Our fresh approach to color and material includes apron-front options in enameled cast iron and stainless steel for any décor.

Top-Mount

A particularly easy model to install and frequently used with laminate counters, the top-mount sink's rim extends above the countertop surface and supports the sink's weight. Clips and bolts under the counter hold the sink securely in place. Many of our sinks accommodate both under-mount and top-mount applications.

Under-Mount

These sinks mount beneath the counter and are most often used with solid-surface countertop materials like granite and marble. Under-mount installation highlights the curved contours of the sink bowl and makes counter cleanup a breeze. Many of our sinks accommodate both under-mount and top-mount applications.

Under-Mount Sink Kit

This kit helps ensure quick, sturdy installation of most KOHLER® enameled cast iron under-mount sinks, helping to eliminate the need to build a wood frame or drill into the countertop.

Faucet Holes

You'll need to determine the number of faucet holes needed for your faucet and other accessories when you choose a top-mount sink. The number will depend on the style of faucet you prefer and whether or not you'd like to include a sidespray, filtered water or soap dispenser, or additional functionality.

Accessories

Many of our sinks come with custom accessories, including bottom bowl racks and cutting boards, to extend the longevity of the sink and enhance functionality. Basic accessories are available for most of our kitchen sinks. In addition, several sinks, such as Stages™ and Indio®, come with accessories unique to their designs.

Bar Sinks

Bar sinks can be installed as a complement to the primary sink in the kitchen to help in food prep or cleanup or as a stand-alone sink in a family room, entertainment area or anywhere else you entertain guests.

Utility Sinks

Our utility sinks allow you to take great style and functionality beyond the kitchen and into the laundry room, greenhouse, basement or garage. We offer a range of durable sinks that stand up to a variety of projects.

Meet Your Match

If you love the challenge of pairing styles, colors, finishes and more, we invite you to jump in. Take a look at all of our sinks and faucets and find the match that's right for you. If, however, you'd like a little more guidance in choosing a winning combination, we're happy to help. Our designers have paired several sinks and faucets that work beautifully together in a variety of kitchen settings.

Meet Your Match

We had our designers choose a selection of faucet and sink pairings that offer a variety of style, function, installation and material options. So whether you're simply replacing your sink and faucet or building a new home, you should find a combination that's right for you and your space, in a style and material you love.

Relaxed Traditional

A smart, easy replacement solution, the Deerfield® top-mount sink and Bellera® pull-down faucet with escutcheon feature subtle, traditional style. KOHLER® enameled cast iron paired with Vibrant® Stainless faucet finish introduces rich layers of color into the kitchen.

Bellera

(K-5873-3-0) Page 39

Everyday Elegance

If you're replacing a top-mount sink and faucet, this pair offers a stylish transitional solution – not too traditional or too modern. The Vault™ Smart Divide sink and Simplice® pull-down faucet give you enhanced functionality and a fresh look.

Iconic Contemporary

If you want bold, eye-catching design for a modern setting, the Karbon® articulating faucet and Indio® sink are the pair for you. The convenience of the sink's side faucet deck and the smooth, versatile functionality of Karbon make this a smart as well as stylish match.

Strength. Style. Soul.

KOHLER® Enameled Cast Iron

Strength. Style. Soul.

From the latest styles to legendary classics, no other material offers the character and craftsmanship of KOHLER® enameled cast iron. Crafted in part from recycled material, each piece embodies our commitment to creating the finest sinks for over 100 years. Built to last for generations, KOHLER enameled cast iron makes a bold statement of beauty in your home.

KOHLER® Enameled Cast Iron

KOHLER enameled cast iron sinks can withstand whatever you and your family dish out, from heavy pasta pots to searing hot skillets. Our Lifetime Limited Warranty* guarantees the rich enamel finish will not chip, crack or burn – so you can count on KOHLER to endure in your home with strength, style and soul.

*KOHLER enameled cast iron sinks installed in North America carry a Lifetime Limited Warranty for as long as the original consumer purchaser owns his or her home. For complete warranty information, visit KOHLER.com/Warranty.

Skilled artisans craft KOHLER enameled cast iron sinks in Kohler, Wisconsin, working with mostly recycled material. The unique casting process results in subtle variations of texture that you can feel, making each sink just a bit different from the next – so yours is truly one of a kind. When we create something with this level of integrity and pour so much emotion into it, we know what it means to make something meaningful, something that lasts.

Bringing Color to Life

This year home trends are all about personalizing your space with color. In warm or cool shades, KOHLER® enameled cast iron sinks become the foundation for just about any look or feel you want to create: bold rooms with bright tones and rich patterns that inspire you; or subtle rooms with soft, monochromatic hues that ground you. We had our designers put together a few bold and subtle palettes, pairing our most popular colors with KOHLER faucet and wood finishes, as well as ANN SACKS® tile and Benjamin Moore® paint. Turn the page for more inspiration.

KOHLER Enameled Cast Iron - Frost
 Faucet Finish - Polished Chrome
 Stone 1 - Blue Celeste Limestone
 Stone 2 - Crema Marfil Limestone
 Wood - Natural Maple

Sea Salt™

If timeless design with classic materials is what you're after, consider this Sea Salt palette. Muted patterns give depth to both the Calacatta marble and the Sea Salt sink, while light tones keep your kitchen bright and airy.

Liven up your kitchen with a contemporary take on Sea Salt. The contrast between crisp matte colors and cool dimensional patterns gives this palette a dramatic look and feel. Just the right touch of daring for the adventurous home chef.

Finish
- Vibrant® Polished Nickel

Benjamin Moore® Paint
- Calm, 2111-70

Finish
- Matte Black
Stone
- Blue Celeste Limestone

Wood
- Natural Maple
Benjamin Moore Paint
- Pewter, 2121-30

Cashmere™

Long stretches of beach. Nothing but dunes, water, sky. That's the sort of coastal quality this Cashmere palette evokes. A beautiful backdrop for natural light in an open kitchen, these colors look great in a traditional or contemporary space.

Take a retro approach in the kitchen with this blend of creams, deep neutrals and metals. Perfect for an accent wall or backsplash, the stone-and-metal tile has an organic linear pattern that sets off the earthy tone of Cashmere.

Finish
- Polished Chrome
Stone
-Lagos Blue Limestone

Wood
- White Oak
Benjamin Moore Paint
- Pismo Dunes, AC-32

Finish

- Herbal Escape, 1487

Cane Sugar™

Friends and family will love to be entertained in the kitchen you design with this warm Cane Sugar palette. Blending colors and finishes that complement traditional architecture and furniture, this palette helps you create a comfortable, welcoming space.

Step into feminine chic with this stylized collection of colors and textures. Smart and sophisticated, this Cane Sugar palette hints at romance with soft tones and lace-like tile. With the right mix of glamour and charm it's ideal for an urban setting.

- Finish

Black 'n Tan

A casual elegance emerges from this rich, varied palette. The dimensional character of Black 'n Tan is paired with vibrant wood and marble to give this palette a substantial, solid look and feel. Well suited for a kitchen that's the cornerstone of family life.

This palette is all about warmth. If you're drawn to the brilliant hues and intricate mosaics found in the architecture and culture of Morocco, you'll love these sun-drenched, saturated tones. Your kitchen will reflect your own passion for life.

Infinite Possibilities

KOHLER® Faucets

Why KOHLER® Faucets?

The real workhorses of the kitchen, our faucets are designed for beauty and manufactured for life.* You can count on them to be leak-free and reliably on task – rinsing, washing, filling – year after year. As tough as they are beautiful, our faucets stand up twice as well as the industry standard. Stunning design and steadfast performance – at Kohler, they're kitchen essentials.

Elate™ pullout kitchen faucet (K-13963-CP) Page 153

*KOHLER faucets installed in North America carry a Lifetime Limited Warranty for as long as the original consumer purchaser owns his or her home. For complete warranty information, visit KOHLER.com/Warranty.

Before You Choose a Kitchen Faucet

As you design your kitchen, there are several function and style options you'll want to consider to ensure you choose the right faucet for the way you work. We've outlined the basic information below. If you find you have additional questions, visit KOHLER.com/KitchenFaucets or contact your showroom representative.

Faucet Families

Several of our kitchen faucets are available in smaller sizes to accommodate a prep sink in an island application or a bar sink for an entertainment room setting. If you're looking for a coordinated look, see the chart on pages 146 -147 for faucet family information.

Pull-Down Spray

If you prefer a clean sink deck without a sidespray, a pull-down faucet may be the right solution. Pull-down faucets typically feature a generous spout height as well as multiple spray options – stream, spray and pause – for ease of use.

Pullout Spray

Offering the same functionality as pull-down faucets, pullout faucets generally have a larger section of the faucet that pulls away. If you like a larger grip area, a pullout faucet may be more comfortable for you to use.

Bridge

A fresh interpretation of a classic faucet design, bridge faucets can be mounted on a counter, sink deck or wall. Bridge faucets feature a two-handle design with a generous swing spout and are available in traditional or contemporary styles.

Single-Handle

On single-handle faucets, the volume and temperature are controlled by one lever, located either on the faucet or next to it. If you prefer the simplicity of one control, check out our single-handle models, available in both traditional and contemporary styles.

Two-Handle

Many people prefer the familiarity and separate temperature controls of two-handle faucets. We offer a wide range of two-handle faucets with a variety of handle types, including lever, cross or wristblade, that are easy to operate.

Wall-Mount

If you like little to no clutter on your counters, a wall-mount faucet can help you achieve that clutter-free look. Several of our deck-mount faucets, in traditional and contemporary styles, are available as wall-mount faucets.

Beverage

Dispensing clean, filtered drinking water, beverage faucets bring a new level of convenience to the kitchen. We offer both cold-water systems and hot-water systems for instant tea or cocoa. A filtration system is required.

Pot Filler

Wonderfully convenient for the home cook, wall- or deck-mount pot fillers are installed next to or above a stovetop, giving you quick access to water without having to transfer pots back and forth to the sink.

Accessories

We offer accessories in styles and finishes that complement our faucets and add to the functionality of your sink area. Soap/lotion dispensers, sidesprays, drains and strainers, as well as air gap and faucet hole covers are all available.

Sidespray

This small spray nozzle is completely separate from the faucet, connected to a pullout hose for full flexibility and functionality when spraying dishes or cleaning the inside of the sink. Great with bridge or traditional swing-spout faucets.

Escutcheon

An escutcheon is a simple ornamental plate that allows you to install a single-handle faucet on a three-hole sink. Most of our single-handle faucets have an escutcheon model available, which is perfect if you'd like to change from a two-handle faucet but still love the look of your sink.

Simplifying Life in the Kitchen

Today's kitchen is the busiest room in the house. It's a culinary workspace, a showpiece for guests and a gathering place for friends and family to cook, eat and celebrate. KOHLER® pull-down and pullout faucets are designed with this in mind, making tasks like meal prep and after-dinner dishes easier to complete.

Three-Function Sprayheads

Stream provides an aerated, full stream of water that's great for quickly filling large pots or vases but gentle enough to rinse delicate fruits and berries.

Spray offers a powerful option perfect for handling the dirtier jobs in the kitchen – rinsing dishes and spraying down your sink.

Pause is a convenient feature that allows you to interrupt the flow of water while you extend the faucet to water a plant or fill your coffee maker.

The KOHLER Advantage

Exclusive ProMotion® technology delivers effortless sprayhead control. The braided nylon hose won't kink or tangle.

Secure docking of the sprayhead ensures a snug fit when retracted.

Features MasterClean™ sprayface that wipes clean with a wet cloth.

The Lifetime Limited Warranty* provides peace of mind knowing that Kohler stands behind every faucet it manufactures.

*KOHLER® faucets installed in North America carry a Lifetime Limited Warranty for as long as the original consumer purchaser owns his or her home. For complete warranty information, visit KOHLER.com/Warranty.

Unmistakable Beauty. Every Day.

The graceful lines of our faucets, coupled with timeless innovations, strike a delicate balance between functionality and art – making life simpler through design. Several of our kitchen faucets are available in multiple sizes or as part of a faucet family to accommodate a variety of applications.

Faucet Families

With KOHLER® faucet families, you can choose a pullout faucet with advanced functionality for your primary sink, a bar sink faucet for your island application and even a pot filler for the stovetop – all with a matching design. The chart below indicates which faucet types are available in each family.

We encourage you to use the following glossary of terms as well as the color and finish index to help you in your decision-making process. If you have questions about specific products, you should find most information in the charts that follow each sink and faucet portfolio section. And, in the event that you still have questions, we invite you to talk with your nearest showroom representative and visit us at [us.KOHLER.com](https://www.us.kohler.com) for more information.

Indexes

Glossary of Terms 184

Colors & Finishes 186

Glossary of Terms

Apron-Front

A style of sink (also referred to as a farmhouse sink) with an exposed front panel. Apron-front sinks are available in enameled cast iron, stainless steel and fireclay models.

Bar Sink

A sink designed for a family room or entertainment area. Bar sinks may also be paired with kitchen sinks for food prep or cleanup.

Bar Sink Faucet

A faucet designed and scaled specifically for use with a secondary or bar sink. These faucets frequently have a coordinating full-size kitchen sink faucet counterpart.

Beverage Faucet

A faucet that dispenses drinking water. Beverage faucets are available as cold-water or hot-water systems. And may require a filtration system.

Bowl Configuration

The size and depth relationship between bowls in a double- or triple-bowl sink, for example, large/medium, high/low or double-equal.

Bowl Count

The number of bowls in a sink: one, two or three.

Bridge Faucet

A two-handle faucet in which the handles and spout are connected by a “bridge,” similar to faucet styles in the early days of plumbing.

Deck-Mount

A faucet installation style. A deck-mount faucet can be mounted on a sink or on the countertop behind it.

Double-Equal

A sink configuration with two bowls of identical size and shape.

Escutcheon

An ornamental plate used to install a single-hole faucet on a three-hole sink by covering the extra holes.

Faucet Accessory

An accessory designed to complement faucets in style and functionality, including soap/lotion dispensers, sidesprays, drains, strainers, and air gap and faucet hole covers.

Faucet Family

Coordinating faucets, such as a kitchen sink faucet and bar sink faucet in the same design.

Faucet Hole

Pre-drilled holes on a sink for faucet installation and for the installation of additional items, such as a sidespray, soap/lotion dispenser or beverage faucet. Before choosing a sink and faucet, be sure the number of holes on the sink matches what you need.

KOHLER® Enameled Cast Iron

A material made in part with recycled iron that is poured into castings, cooled, covered with a powdered glass mixture and fired to a smooth, gloss finish.

Offset

A sink configuration with two sinks of different size, depth and/or shape.

Pot Filler

A wall- or deck-mount faucet installed next to or above a stove, designed for filling pots.

Pull-Down Spray

A faucet with a sprayhead that pulls down and typically features multiple spray options.

Pullout Spray

A faucet with a multifunction sprayhead that pulls out for rinsing and spraying. Pullout faucets feature a larger grip area than pull-down faucets.

Remote Valve

A faucet design in which the valve that controls water flow and temperature stands apart from the faucet spout.

Self-Trimming® Feature

A feature of select apron-front sinks that lets you install an apron-front sink with most conventional cabinetry and minimal trim work.

Sidespray

A small spray nozzle, completely separate from the faucet, with a pullout hose.

Single-Handle Faucet

A faucet that has a one-lever control for volume and temperature. The control may be attached to the spout or stand apart.

Sink Accessory

A bottom bowl rack, cutting board or other accessory available for sinks.

Smart Divide®

A two-bowl sink design developed by Kohler that features a low divider between the bowls to better accommodate pots and pans.

Three-Function Sprayhead

A sprayhead with stream, spray and pause functions.

Top-Mount

A sink installation style in which the sink rim rests on the countertop surface. Top-mount sinks are often paired with laminate counters.

Two-Handle Faucet

A faucet with two separate controls: one for hot water and one for cold.

Under-Mount

A sink installation style in which the sink mounts beneath the counter. Typically used with solid-surface countertop materials.

Under-Mount Sink Kit

An installation kit for KOHLER® under-mount sinks that eliminates the need to build a wood frame or drill into the countertop.

Undertone® Sinks

A line of KOHLER sinks that can be grouped to create customized configurations.

Utility Faucet

A durable faucet designed for the kinds of workspaces that include a utility sink.

Utility Sink

A sink designed for a workspace, such as a laundry room, greenhouse, basement or garage.

Wall-Mount

A faucet installation style in which the faucet mounts to the wall instead of to the sink or counter.

Kohler's unabashed love of color is the reason we partnered with designer (and all-around color fanatic) Jonathan Adler. This partnership brings you four special edition KOHLER colors available on select KOHLER® enameled cast iron kitchen and bathroom sinks. For complete details, visit KOHLER.com/Colors.

Thank you.

If you'd like to learn more about Kohler and our complete product offering, we invite you to take a look at our literature, visit us online or stop by a KOHLER® Showroom.

Literature

Concise and easy to use, our full-line category books inspire you to create beautiful spaces and guide you through choosing kitchen and bath products that are right for you and your home.

In addition, *bold* magazine features ideas we're passionate about, the latest introductions to the KOHLER kitchen and bath lines, as well as a selection of our timeless, classic offerings.

View the full magazine at KOHLER.com/LiteratureStore. There you can download additional category books and brochures. KOHLER literature also can be ordered by calling 800-4-KOHLER.
